2027 PA Cattlemen's Association

Environmental Steward of the Year Award Application

PCA is proud to recognize cattle producers who have made a positive impact upon the sustainability of the Pennsylvania Beef Industry. Through their significant contributions, the use and implementation of programs such as animal performance evaluations, best management practices, and the Beef Quality Assurance Program, they ensure the advancement and continued success of the industry. PCA continues to recognize operations that uphold sustainability practices in their everyday life.

PCA Environmental Steward of the Year Award recognizes the outstanding stewardship practices and conservation achievements of PA cattle producers from across our great state. Award winners are highly praised for their commitment to protecting and caring for the environment and also operating profitable cattle operations. Our hope is to recognize these producers with a desire to leave the land better than they found it for the next generation of Pennsylvania cattle producers!

Note: Nominees do not need to be PCA members. On top of winning the award recognition, winners will receive a one-year free membership to PCA.
